

Affordable Bathroom Televisions

Product Catalogue 2014

## Affordable TV technology

We didn't know if it could be done at first... We set out with the idea of making clever, stylish TVs and bathroom TVs that anyone could afford – but we didn't know if it was really possible.

Turns out it is possible. Aquatek makes bathroom televisions that are clever, stylish, safe and genuinely affordable.

You can have a mirror finish and mist-free technology; you can enjoy superb stereo sound and a crisp high resolution picture, even in humid or wet conditions. Our televisions are beautifully slim and impeccably built, you can even choose from an on-the-wall or a flush in-the-wall finish.

As well as all the technology, you get all these reassurances:

- 1-year warranty – as standard.
- Absolute safety – every TV meets industry waterproof classifications (IP65) and European safety regulations (CE and RoHS).
- Unique technology – we don't sell any televisions we don't make ourselves.
- Pin sharp picture – made with mist-free technology for superb viewing, even in humid bathroom or wet room conditions.
- Despatch within one working day of your order.
- Guaranteed next day delivery.

About Aquatek

Aquatek makes beautiful, clever televisions affordable. How? We don't have to pay anyone else! All our research, all our development – it's all done in-house. And thanks to our supply chain management experience, we've always got the optimum quantity of products in stock, ready for despatch.

Our industry experience plays its part too. We know this market. We know what's possible. So we've never been bound by what our competitors are doing; we've always been more interested in your ideas. Customer feedback has helped us shape our latest range. We've built the sorts of televisions our customers have asked us for.

Result: you don't have to pay a high price for mist-free technology and beautiful design; Aquatek makes high-tech TV affordable.

## Our most affordable bathroom television

We've taken bathroom televisions out of the luxury market and made them genuinely affordable. And our 19" Classic is our most popular and most affordable bathroom television ever.

With its curved silver bezel and mirror tint finish, it's got the looks. With integrated Freeview TV and radio, high-resolution mist-proof screen, it's got the technology too.

You get a choice of installation options – along with all the fittings and instructions you'll need. So you can decide on a traditional on-the-wall application, or go for a flush in-the-wall finish. Whichever you decide, our 19" Classic is designed to look superb in any bathroom or wet room.

Clever, safe technology and a peerless in-the-wall finish if you want it; we think the 19" Classic is the most versatile 'out of the box' bathroom TV on the market.

## Features:

- IP65 waterproof construction
- Mist-proof heated screen
- Crisp high resolution 19" LCD screen
- Magic Mirror screen finish

## Introducing the 19" Magic Mirror

Our 19" Advanced model is based on our 19" Classic model, but with its frameless, full-screen Magic Mirror technology, it is the next stage in beautiful bathroom televisions.

Aquatek's 19" Advanced bathroom TV doesn't look like a TV; it looks like a mirror. So it's absolutely perfect for a bathroom or wet room. It can be fixed to the wall, or for an even more flattering finish, recessed into the wall. That'll give you a peerless, flush finish that's chic and stylish.

So how does it work – this TV that looks like a mirror? When you switch on, the pin-sharp picture shines through the mist-proof mirror, giving a clear, vivid picture, even in the mistiest conditions. Switch off and the mirror screen is as clear and reflective as any mirror. So yes, it really can replace your normal bathroom mirror.

Our Advanced range of bathroom televisions also includes 22" and 26" models.

## Features:

- IP65 waterproof construction

### The slim-line bathroom TV with the mirror finish

There's a real sense of theatre to having a bathroom TV. Particularly a TV like this... Our 22" Magic Mirror TV doesn't even look like a television. Anyone seeing it for the first time will just assume it's a stylish new mirror. And that's when you switch it on. That's when the pin-sharp TV picture shines through the mirrored surface... That's when 'the Wow factor' kicks in.

Our 22" Advanced bathroom television takes our standard model to the next stage in its development. Designed for a flush in-the-wall installation – and boasting that peerless Magic Mirror screen – it's a stylish and clever piece of technology.

Your bathroom TV also includes all the features you'd expect, including HDMI input and integrated Freeview TV and radio.

Our Advanced range of bathroom televisions also includes 19" and 26" models.

### Features:

- IP65 waterproof construction
- Mist-proof heated screen
- Crisp high resolution 22" LCD screen

## Our peerless mirror finish bathroom TV in our largest size

We think the bathroom is the perfect place to watch television properly. Just relax, lie back in the bath and really immerse yourself in the experience...

With its stunning 26" screen, this is the big-screen bathroom TV that lets you experience every moment in perfect clarity. Incorporating state-of-the-art technology, including HDMI input and integrated Freeview radio and TV, you'll enjoy great picture, great sound and a great choice of channels. You'll enjoy a viewing experience unlike any other.

We've even eliminated the age-old condensation problem. The Magic Mirror screen heats up just enough to eliminate mist, meaning you can enjoy a perfect picture, even when the hot water's flowing non-stop. That Mirror screen is a revelation. Switched off it is a mirror. Switched on, the picture is extraordinarily bright, vivid and clear.

### Features:

- Fully IP65 waterproof construction
- Mist-proof heated screen
- Crisp high resolution 26" LCD screen
- Magic Mirror screen
